

# PROLINE® Door Accessories

## Flush Swing Handles **A-T-O**

### Flush Swing Handles

Flush handles are optional for any solid, window, or disconnect door that includes 3-point latching. They are ergonomically designed to provide style and function in a low profile. The handle is die-cast zinc finished with RAL 9005 textured black polyester powder paint. Provision to add your logo is included. Handle can be installed to rotate either clockwise or counterclockwise.

### Handle with Screwdriver Defeater

Enclosure security is provided by the integrated tool-to-open feature that releases handle when rotated, thus allowing access to enclosure.

## Flush Bezels **A-T-O**

### Bezel with Insert

Bezel with Insert can be used on any solid, window or disconnect door when a low-profile, tool-to-open operating mechanism is needed. Handle is finished with RAL 9005 textured black polyester powder paint. Provision to add your logo is included. Flush bezels are provided with screwdriver slot insert. Other key inserts are available to fit the flush bezel (order separately).

### Small Bezel with Insert

Small bezel with insert can be used in place of the small flush swing handle when a low-profile, tool-to-open operating mechanism is needed. Handle is finished with RAL 9005 textured black polyester powder paint. Provision to add your logo is included. Small flush bezels are furnished with a screwdriver slot insert. Other key inserts are available to fit the small flush bezel (order separately).

## L Handle **A-T-O**

The L handle is a stylish option for any solid, window, or disconnect door. It can be installed to rotate either clockwise or counterclockwise. Handle includes keylocking provision and is finished with RAL 9005 textured black polyester powder paint. Two keys are included. The handle permits your logo to be inserted.

Catalog Number	Description
PFHDF	Flush Handle with Defeater
PFHKBL	Keylocking Flush Handle
PFHPBL	Padlocking Flush Handle
PFHDBL	DIN Profile Flush Handle

### Handle with Keylock

Keylock feature locks the handle to provide security for the enclosure. When the key is in the unlocked position, the pushbutton releases handle to provide access into the enclosure. Two keys are furnished.

### Handle for Padlock

Padlocking handle provides security when using a 5/16 padlock. Pushbutton releases handle to provide access into the enclosure.

### Handle with DIN Profile Provision

DIN flush handle is provided with the option to add your DIN profile lock or to accept Hoffman DIN profile lock PDKL (order separately).
