## EtherNet/IP™ Client/Server Communication Module for CompactLogix™ / MicroLogix™ 1500LRP MVI69-DFNT

The MVI69-DFNT EtherNet/IP™ Client/server Communication Module allows CompactLogix™ / MicroLogix™ 1500 LRP processors to interface easily with EtherNet/IP protocol compatible devices and hosts. Devices commonly supporting the protocol include PLCs, PACs, field devices, and host HMI systems.

The module can send read or write commands to remote devices on the EtherNet/IP network. The module also has 20 servers that allow the module to receive commands from remote devices. Up to 100 commands can be configured by the user. The module provides support for an Ethernet port to be used in applications requiring a separate or dedicated network.

### Features

### Benefits

High Data Throughput

- ◆ High-speed data transfer between MVI69 module and CompactLogix / MicroLogix 1500 LRP processor
- ◆ Installs as a generic 1769 module, sample ladder logic and AOI included
- ◆ View module data and status in RSLogix™ 5000 controller tags and UDTs

EtherNet/IP™ Client and Server

- ◆ Integrate with widely available Rockwell Automation and 3rd party products.
- ◆ Client/server Explicit Messaging communication supported
- ◆ 20 server connections
- ◆ Client connection supporting 100 communication commands

In-chassis Solution

- ◆ Bridge to optimize data throughput while communicating with HMI or SCADA and other control platforms without losing valuable process control bandwidth

### Configuration

ProSoft Configuration Builder (PCB) provides a PC-based software configuration solution for quick and easy management of module configuration files, as well as viewing communication and network diagnostics. PCB is not only a powerful solution for new configuration files, but also allows you to import information from previously installed (known working) configurations into new projects.

## Functional Specifications

- ◆ Provides up to 4000 16 bit memory registers for user application data transfer
- ◆ User-definable module memory usage
- ◆ 10/100 Base-T Ethernet compatible interface
- ◆ Functions as a server and a Client
- ◆ Status data is available in ladder logic or through the Configuration (CFG) Serial Port

## Server Specifications

- ◆ Supports EtherNet/IP explicit, connected, and unconnected class messaging
- ◆ 20 independent server connections permit remote clients to interact with all data contained in the module
- ◆ Data can be derived from other clients on the network, through the client on the module, or from the CompactLogix processor

## Client Specifications

- ◆ Actively issues connected, explicit messages to other nodes on the network
- ◆ Supports 100 user-defined commands from a single client
- ◆ Allows command control from ladder logic

## General Specifications

- ◆ Single-slot, 1769 backplane-compatible
- ◆ The module is recognized as an Input/Output module and has access to processor memory for data transfer between processor and module.
- ◆ Ladder Logic is used for data transfer between module and processor. A sample ladder file with AOI is included.
- ◆ Configuration data obtained from configuration text file downloaded to module. A sample configuration file is included.
- ◆ Supports CompactLogix and MicroLogix 1500 LRP Controllers except 1769-L23E-QBFC1B, 1769-L16x, 1769-L18x.

Connects™**

## Global Distribution

We think like you do

ProSoft Technology® products are distributed and supported worldwide through a network of over 500 distributors in over 50 countries. Our knowledgeable distributors are familiar with your application needs. For a complete list of distributors, go to our web site at:

[www.prosoft-technology.com](http://www.prosoft-technology.com)

## Global Support

We are there for you

All ProSoft Technology products are backed with free, unlimited technical support. Contact our worldwide Technical Support team directly by phone or email.

## Global Offices

We are where you are

ProSoft Technology has regional offices worldwide available to help you with all your industrial application needs. If you need help choosing a ProSoft Technology solution for your particular application check out our contact information under distributor sales on the web site at:

[www.prosoft-technology.com](http://www.prosoft-technology.com)

Whether your application is large or small, our technical professionals are there to help you choose the right communication solution.

## Hardware Specifications

Specification	Description
Dimensions	Standard 1769 single-slot module
Current Load	800 mA maximum @ 5 VDC Power supply distance rating of 2 (L43 and L45 installations on first 2 slots of 1769 bus)
Operating Temp.	32°F to 140°F (0°C to 60°C)
Storage Temp.	-40°F to 185°F (-40°C to 85°C)
Relative Humidity	5% to 95% RH, with no condensation
LED Indicators	Power and Module Status Application Status CFG Port Activity Ethernet Port Activity Error Status
Config Port (CFG)	RJ45 (DB-9M with supplied cable) RS-232 only No hardware handshaking
Ethernet Port	<ul style="list-style-type: none"> <li>• RJ45 Connector</li> <li>• Link and activity LED indicators</li> <li>• Electrical Isolation 1500 Vrms at 50 to 60 Hz for 60 s, applied as specified in section 5.3.2 of IEC 60950: 1991</li> <li>• Ethernet Broadcast Storm Resiliency = less than or equal to 5000 [ARP] frames-per-second and less than or equal to 5 minutes duration</li> </ul>

## Agency Approvals & Certifications

CE

CSA

CSA CB Certified

cULus

ATEX

## Additional Products

ProSoft Technology® offers a full complement of hardware and software solutions for a wide variety of industrial communication platforms. For a complete list of products, visit our web site at:

[www.prosoft technology.com](http://www.prosoft technology.com)

## Ordering Information

To order this product, please use the following:

**EtherNet/IP™  
Client/Server  
Communication  
Module for  
CompactLogix™/  
MicroLogix™ 1500LRP**

MVI69-DFNT

To place an order, please contact your local ProSoft Technology distributor. For a list of ProSoft Technology distributors near you, go to:

[www.prosoft technology.com](http://www.prosoft technology.com)

and select *Where to Buy* from the menu.
