

Rittal – The System.

Faster – better – everywhere.

AX. KX. **SYSTEM** **PERFECTION.**

Compact and small enclosures.

FRIEDHELM LOH GROUP

COMPACT AND SMALL ENCLOSURES

The baying enclosure system VX25 was the first step into a completely new era of enclosure technology, an era characterised by a whole host of features for far easier installation and perfect integration into state-of-the-art manufacturing processes in line with Industry 4.0 principles. The new compact enclosures AX and small enclosures KX continue on seamlessly from this. The interior installation is largely compatible, which creates completely new engineering and installation synergies.

SYSTEM PERFECTION.

MORE USER BENEFITS THANKS TO:

- Digitalization
- Reduced number of parts
- Ease of assembly
- Simplification of work
- Safe mounting

COMPACT ENCLOSURES AX –
MORE **EFFICIENT**

Customised interior installation without machining and a wall-mounting system that is revolutionary in its simplicity save even more time.

TERMINAL BOXES KX –
MORE **PRECISE**

Consistent use of self-centring mini cam locks that can be installed without needing tools increases the level of precision and the size of the access opening.

E-BOX KX –
MORE TIME SAVED

Simplified machining boosts efficiency,
thanks to the door being supplied loose and
tool-free cam lock installation.

BUS ENCLOSURES KX –
MORE OF AN **OVERVIEW**

A lid that incorporates a viewing window and opens up to an angle of 180° provides easier access and a better overview of all control components.

ACCESSORIES AX, KX –
MORE **RELIABLE**

Maintaining all relevant approvals when installing type-tested system accessories such as wall mounting brackets and gland plates improves reliability.

90

More digitalization

Up to 90% time savings, thanks to intuitive configuration

24

Fast delivery

Delivery within 24 hours Europe-wide (in the majority of cases)

148

Varied choices

148 variants available off-the-shelf

12

Exclusive innovations

With 12 property rights/patent applications within one enclosure system

30

Superior efficiency

Save up to 3% planning and assembly time
