CERTIFICATE OF COMPLIANCE

Certificate Number	20160624-E96956
Report Reference	E96956-20090320
Issue Date	2016-JUNE-24

Issued to: ROCKWELL AUTOMATION/ ALLEN-BRADLEY
1201 S 2nd St
Milwaukee, WI 53204-2410

This is to certify that representative samples of Motor Controllers, Mechanically Operated and Solid-state - Component
See Addendum Page

Have been investigated by UL in accordance with the Standard(s) indicated on this Certificate.

Standard(s) for Safety: UL 508 - Industrial Control Equipment
CSA-C22.2 No. 14 - Industrial Control Equipment

Additional Information: See the UL Online Certifications Directory at www.ul.com/database for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark: ℞, may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.
